SUMMARY

I'm a motivated Computer Science and Engineering graduate with a passion for software development, eager to contribute by building engaging applications for both web and mobile platforms.

SKILLS

Programming: JavaScript (Proficient), PHP, C#
Frontend: React.js, Next.js, Remix
Backend: Node.js, Express.js, Nest.js, ASP.NET MVC, CodeIgniter 4
Mobile: React Native, Expo
Database: MySQL, PostgreSQL, MongoDB
Tools & Cloud Services: Firebase, Appwrite, Netlify, Vercel
DevOps & Deployment: Docker (basic), SSL setup (basic), Linux server management (basic)
Other Technologies: REST APIs, JWT, WebSocket (basic), Git, Postman, npm

WORK EXPERIENCE

Sub Assistant Programmer
International Islamic University Chittagong
May 2024 – Present

- Built a mobile app for the university's student panel using React Native, enabling streamlined access to academic and personal services.
- Rebuilt the university website frontend with React and Remix, improving UI/UX; maintained and updated legacy PHP systems.
- Enhanced HR and student management systems by adding new features in PHP, improving workflow and efficiency.
- Worked on Linux-based production servers, configuring SSL, deploying web applications.

PROJECTS

Albas-Mart (e-commerce project)
Live Link | GitHub

- Developed a full-stack MERN e-commerce app with admin dashboard and POS system for grocery retail.
- Integrated Stripe API for secure payments and JWT for authentication.
- Focused on performance, responsive design, and scalable architecture.

VidUp – Video Sharing App
GitHub

- Built a React Native Expo app for uploading and playing videos with Expo Router.
- Used Appwrite for backend and auth, ensuring secure data flow.
- Optimized UX for performance and simplicity, catering to content creators.

RoadSaints – Ecommerce Platform
GitHub (Frontend) | GitHub (Backend)

- Developed with ReactJS, TailwindCSS, and ASP.NET Web API for a responsive, full-stack solution.
- Used Entity Framework and repository pattern for clean, efficient backend data management.

EDUCATION

BSc in Computer Science and Engineering	CGPA - 3.44/4.00
American International University Bangladesh, Dhaka	
Higher Secondary Certificate	
Cambrian College Chittagong, Chittagong	CGPA - 4.58/5.00
Secondary School Certificate	
Hatey Khari School and College, Chittagong	CGPA - 4.50/5.00

THESIS

Market Sales Analysis & Forecasting – Data Mining Project

- Analyzed market trends using Python, Linear Regression, and XGBoost for accurate sales forecasting.
- Delivered end-to-end data pipelines, from collection to visualization, supporting data-driven decisions.

LANGUAGE

Bangla: Bilingual proficiency
English: Professional working proficiency
